There were 8 messages left on the system in October. Six of the messages were hang ups. One of the messages was from a woman asking for information, I called her back and helped her out. The other message was from a man asking for information, I was unable to call him back. The machine also reported 13 missed calls in October. The machine does categorize a call as missed when the caller chooses the option to listen to the recordings rather than have their call transferred to a live person. Therefore the missed calls may be people listening to the meeting recordings.
